

You Can Get Well and Keep Well Without Drugs, With the

OXYPATHOR

Oxygen is the greatest life-giving, life-saving principle in the world. Give the blood plenty of Oxygen with which to burn out the poisons and waste matter which are daily poured into it for purification, and sickness cannot exist in your body, nor can disease germs gain a foothold. Perfect health will reign.

There is only one way to get a plentiful, all-curing supply of Oxygen—this is with the OXYPATHOR. It is, therefore, the most important and highly successful disease-destroyer and health-builder in existence.

No matter with what disease you suffer, even if it is some chronic trouble which the doctors have failed to relieve, you can reach the very seat through the OXYPATHOR.

YOU NEED THE OXYPATHOR IN YOUR HOME

The Oxypathor Charges the Blood With Oxygen

We cannot tell the whole story of the Oxypathor here. How the body is made a strong attractor for the free oxygen which abounds in Nature's great storehouse—the atmosphere. How the life-giving gas fairly pours into the blood through the lungs and the 3,000,000 pores of the skin. How the purified, freshened, enriched red blood is thus enabled perfectly to purge and purify the poisons of the body and becomes the real current of health that it should be.

We cannot explain fully in this article how all diseases are quickly overcome by the gift of oxygen through the aid of the Oxypathor—how it eases the anguish of the rheumatic, quiets the brain of the fever-stricken, cures appendicitis without the deadly knife, soothes tired, jaded nerves and brings new health and happiness to the sick and discouraged.

But you owe it to yourself to learn the complete story of the Oxypathor—what it does and how it does it. It is all fully told in the most interesting and vital health book ever published, entitled "Oxypathor—Nature's Royal Road to Health." It's a beautifully illustrated 72-page book worth its weight in gold to you, but sent free upon request.

The Oxypathor Cures Without Drugs—Without Doctor Bills

There is no expense connected to treatment with the Oxypathor except the original cost of the instrument. It insures the health of your whole family for life, at a lower price than a specialist would charge for one visit.

The Oxypathor is always ready to be applied at a moment's notice. It is quickly attached by two clasps to the ankle and wrist, and at once gets to work. You feel no sensation whatever—nothing but the gradual revitalization of the body and the tingle of invigorated red blood as it oxidizes the germs and poisons.

With an Oxypathor in the house there is no fatal delay when attention is needed for the sick. It is always ready to be applied—ready without time wasted in examination—ready without the guessing and the other dangers of a wrong diagnosis, because of which the lives of thousands have been sacrificed.

No diagnosis is needed with the Oxypathor. It hits straight at the cause of the disease and gets busy uprooting it.

Surely such an instrument will be welcome in your home as a worthy substitute for the disagreeable, poisonous drugs of an inefficient medical system.

Some of the Diseases Which the Oxypathor Cures

Rheumatism,	Arthritis,	Appendicitis,
Biliousness,	Headache,	Anemia,
Insomnia,	Constipation,	Bronchitis,
Nervous Disorders,	Cold,	Scarlet Fever,
Catarrh,	Rosacea,	Paralysis,
La Grippe,	Blood Poison,	Lumbago,
Diphtheria,	Piles,	Blood Disorders,
Sciatica,	Dysentery,	And Many Other Diseases

Two Small Clasps To Adjust — Nature Does The Rest.

Brings Health to the Whole Family and Keeps Them Healthy

Happy is the home where the Oxypathor has brought freedom from sickness, liberation from drugs and doctors' bills. It will safeguard the health of your whole family from the oldest to the youngest.

If you have growing children the Oxypathor is a real angel of good health, hovering over their lives to make them well and keep them well. It takes the danger and the suffering out of the diseases of childhood. It will save you and yours many sleepless nights—many hours of suspense and anguish, and many dollars in doctors' bills.

It rests the nerves of the tired mother, helps her through the trying days of motherhood. Preserves the health and strength of the father—so that he goes to his day's work with a firm step, with the glow of health on his cheek.

It is a friend indeed to the aged—soothing the pains and aches which torment their worn frames, easing the anguish of rheumatism and bringing joy and peace to bless their crowning years.

For consumption, pneumonia, asthma and all the pulmonary diseases, the Oxypathor has a most magical effect.

You Surely Want to Investigate the Oxypathor

We realize that the Oxypathor is new and strange to most of our readers. But it is already in use in no less than 50,000 American homes, and the number is rapidly growing.

You ought to know about the Oxypathor. It will cost you only 2 cents to mail the coupon and get the book "Oxypathor," or simply mail a postcard bearing your request.

It tells all about the Oxypathor—tells you why drugs which make a well man sick cannot make a sick man well.

If you would like to see the Oxypathor and try it before you buy it, we will gladly arrange to have you do so. After you know about it you would not care to be without it if it cost ten times what it does.

If you have any of the diseases mentioned at the left, or if you know anyone who is not in good health, give the Oxypathor a chance. Write for the booklet before you do another thing. When we send it, we'll also send a copy of a magazine which we publish, called the "Searchlight." It contains the record of many cases which have been treated with the Oxypathor. Even if you are not ill now, send for this literature. Remember, the Oxypathor is a preventative as well as a curative. It is health insurance. The certainty of getting relief from pain for all time to come is surely worth a postal and a minute's time, even if you are not now ill.

What your neighbors say--Words of praise from a few of the many users of the Oxypathor

"Blood Poisoning Annihilated by the Oxypathor"

Portland, Or., Sept. 21, 1911.

The Pacific Coast Oxypathor Co., City.

Gentlemen: For the benefit of others I am pleased to tell you what the Oxypathor has done for me. Several months ago I purchased one of the machines for blood-poisoning which was considered incurable by M. D.s unless they amputated my foot six inches above the ankle. I had heard of the Oxypathor's merits and concluded to try it in my own case before submitting to the amputation. After using the Oxypathor four days in ice water—strong force—I realized that it had saved me from an operation, and after six days' constant treatment with the machine there was not even a sign of blood-poisoning left.

To say that I appreciate this is not adequate to express my thankfulness. I absolutely thank the day that I heard of the Oxypathor, and you can depend upon me being a lifelong friend of it.

In addition to the Oxypathor being a positive cure for blood-poisoning, I have found it to be exactly as you claim in other ailments. About three weeks ago I took a very severe cold. I applied the Oxypathor, packed in ice, left it on five hours, and it completely broke up the cold. There were no bad effects there-

after, as is usually the case by taking drugs.

I value my Oxypathor very highly. The cost of it is nothing compared to what it does. Concluding, would say that ten times its price would not induce me to be without it. You may use this letter as you prefer. I'll be pleased to verify the same, if anyone asks me.

Yours respectfully,
(Copy) ISAAC LE FAIVE.

"Sciatic Rheumatism, Insomnia and Nervousness"

Portland, Oregon, Sept. 18, 1911.

The Pacific Coast Oxypathor Co., City. Gentlemen: For seven years I have had sciatic rheumatism. When I began using the Oxypathor I had been in bed for about five days, but after using the machine locally for a few treatments I was able to be up and around. I continued from then on to use the Oxypathor constitutionally, and in about four months I was completely cured of sciatic rheumatism.

No one only those who have had sciatica can realize what a person suffers—the insomnia, nervousness, etc., that goes with it. Many nights I could not sleep at all, and hardly ever was I able to sleep more than two hours in any one night. I cannot explain how I suffered, but, thanks to the Oxypathor, it is all

gone now and I am free from rheumatism, free from all pain and can sleep fine all night long. I simply feel that I am doing a great lot of good to pass on the good news to humanity, and the fact that the Oxypathor has done for me what it has, I give gladly this indorsement, with the hope that it may be the means of helping others who suffer as I did to get one of the Oxypathors and be cured.

MRS. E. J. BRISTOW,

"La Grippe, Colds and Hearing, Blood Poisoning Cured and Limb Saved"

Portland, Or., July 28, 1911.

The Pacific Coast Oxypathor Co., City.

Gentlemen: I obtained an Oxypathor from you in February and have used it with entirely satisfactory results in cases of colds and especially in la grippe. In April I took the grippe, which settled in my ears and affected my hearing to such an extent that I thought I would lose my hearing, but ten days' use of the Oxypathor cured me and restored my hearing so that now I can hear better than for a good many years previous. I used no medicines at all.

My nephew, who lives in the State of Washington, had an attack of blood-

poisoning in the knee. It became so bad that the doctor said his leg would have to be amputated in order to save his life. The Oxypathor was applied, and in 24 hours the inflammation was reduced and all pain stopped. We know it saved his limb, and today he is as well as he ever was.

I can heartily recommend the Oxypathor to any one in ill health, and we would not be without one for a good many times its cost. Respectfully,
(Signed) MRS. B. M. SANDY.
248 Dupont Street.

Rheumatism, Stomach Trouble and Tired Nerves

Drain, Oregon, Sept. 20, 1911.

The Pacific Coast Oxypathor Co., Portland, Oregon.

Gentlemen: I, like so many others who have used the Oxypathor, wish to say a word in its favor. In the first place, it has entirely cured me of Rheumatism. I also had stomach trouble, which has troubled me for years, which the Oxypathor has wonderfully helped. It is excellent for tired nerves. Go to bed tired and nervous and awake in the morning feeling like a new being. I would advise all suffering from any of the troubles mentioned to try an Oxypathor. Your doctor is always handy except for accidents or some few things—that are out of the ordinary.

You can print all or any of this you may wish.
(Copy) MRS. P. MARRIAM.

NOTE—This machine was purchased September, 1910. It simply shows what people think of the Oxypathor after having it a year.

"La Grippe and Rheumatism Cured"

Newberg, Oregon, April 12, 1911.

The Pacific Coast Oxypathor Co., Portland, Oregon.

Gentlemen: The Oxypathor which I purchased from you early in January has done all you claimed for it.

As you know, I was completely run down with la grippe and rheumatism and fully expected to be shut in most of the Winter and Spring.

After a two weeks' treatment of the Oxypathor I have not lost a day of active life, and since the second treatment have had no trouble from rheumatism.

I would not take for it many times its cost and be without it.

Respectfully, JESSE EDWARDS.

What the Oxypathor has done for these people—it has done for thousands—it will do for you.

Write for 72-page book and learn how you can be cured; or CALL AT THE OFFICE, and we will, without any obligation on your part to purchase, agreeably talk it over.

"Constipation of Nearly a Lifetime Cured in Ten Days"

Portland, Or., Aug. 18, 1911.

The Pacific Coast Oxypathor Co., City.

Gentlemen: On the 12th day of July, 1911, I came to your office and purchased a "90" Duplex Oxypathor for constipation, which I have been troubled with nearly all my life. Every day, for the past several years, I had to take medicine to move my bowels. After using the Oxypathor about 10 or 12 nights, constitutionally, I was cured of this dreadful ailment, and now my bowels are just as regular as a clock. I am 73 years of age, and I consider it wonderful what the Oxypathor has done for me. My regret is that I did not hear of this machine years ago.

When I first got the Oxypathor I was a little skeptical about its merits, but now I am conscientiously convinced that it is all, if not more, than claimed, and it only gives me pleasure to recommend it to any one troubled with constipation, for if I can help others to a better state of health I will only be glad to do so.

Very truly yours,
(Signed) LEWIS DOWE.
500 Columbia Street.
